**Subject:** Invitation to IRA implementation conversation

Hello-

We would like to invite you to a conversation with HHS and CMS staff **next Monday, February 27 at 1:30 pm Eastern** to discuss work around the implementation of the Inflation Reduction Act's prescription drug provisions. This meeting will take place over Zoom and, in a moment, you will receive a calendar invite from which you can join the meeting.

We'd like this meeting to be a two-way conversation covering:

- The Department's work to implement the law, including recent materials we've released and upcoming milestones.
- Our respective efforts to educate older Americans and the public about the law.
- Areas of collaboration, including around collecting the stories of people who are benefitting from the law.

This will be the first in a monthly call series for groups who work closely with people with Medicare and/or who expect to do work around IRA implementation. If there are individuals or groups not on our list who you think should be part of this discussion let us know and we will extend the invite.

Thank you!
